## DEVELOPMENT REVIEW & WORKSHOPS

- I. **33 HILTONS LANE SUBDIVISION** – Deborah Pohopek, owner; Paul Hollis of RF1 Properties, LLC, applicant; Atlantic Survey Co. surveyor. Subdivision Pre-Application to create a 2 lot/dwelling unit subdivision on 2.47 acres of land located off of 33 Hiltons Lane within the Residential A District. Tax Map 17, Lot 11-C-1. **Report results of Site Walk, Consider waiver of Preliminary Application submission requirements, Consider receipt of Final Application, Consider completeness, Consider if a Public Hearing is to be scheduled, Consider compliance/ Final Findings of Fact & Decisions for possible approval**

Christopher Hollis represented the applicant RF1 Properties LLC. Mr. Livingston reported on the April 13 site walk which Mr. Hardy and Mr. DeBold attended. One concern was headlight impact from Lot 1 to an abutting lot. A 6' tall solid fence and some evergreens will be installed. The well for Lot 1 was discussed and the possibility that it might have to cross the wetland. The State allows a reduction of the setback between a well and a septic system if there is a well casing or lining. This will allow the well for Lot 1 to be located 70 feet versus 100 feet on that lot. Requested waivers were considered.
