

MaineCare and Kids: The Benefits

About MaineCare

Who gets covered?

MaineCare covers eligible infants, children teens, pregnant women, and sometimes parents.

How much does it cost?

Your monthly fee is based on your income!

Why is it important?

MaineCare enables your children to see a doctor when they're sick, get shots to stay healthy, visit a dentist for teeth cleanings and fillings, and have their vision and hearing tested. MaineCare helps you to help your kids.

What's covered?

Physician Services

Well child visits, immunizations, preventive care, sick care, and specialist care.

Hospital Services

Emergency room, outpatient and inpatient care, lab work, x-ray, and surgery.
