

WEEKLY UPDATE

Weekly TM Highlights

The past three weeks have been a whirlwind for me and I am grateful to my core for the warm welcome, patience, and help of staff to get up and running here in Wells. A few highlights of the week:

- No large predators were seen swimming, wandering, or moving about in any way. This is a definite improvement from the past two weeks.
- A shout out to Keeley Lambert and Jodie Sanborn for excellent service on Thursday. Our Assessor and Finance Director were quick to act when an older gentleman tripped and fell in the General Office. Jodie called WEMS immediately while Keeley attended to the man. Way to go team!
- There are some challenges this afternoon, Friday, August 28, with parking meters at our beach lots. Sally Stewart of the Police Department is aware of the issues and working to resolve them.

Recreation Department Update

We are gearing up for the fall with our sports clinics, archery, and Camp Daybreak & Camp Sunset. Due to COVID19 we have moved our child-care camps to the Wells Activity Center and have worked with Superintendent Jim Daly to have the children transported in the morning from the Activity Center to the school and vice versa in the afternoon by the school bussing system. It's been a challenging time but we are moving forward in innovative ways to provide community programming in the safest manner following all CDC guidelines. To register for fall programs go to wellsrec.org.

Wells Harbor Update

This week in Wells Harbor the new mooring chain arrived! The Harbor Master and Assistant Harbor Master are precutting the chain to required lengths and assembling the moorings on the wharf. The Harbor Master and Diver Erin Gott will deploy four preassembled moorings while simultaneously removing the old ones. The process will be repeated weekly till all occupied moorings have new chain.

Human Resources Update

It is with great pleasure that we write to announce the addition of a new team member. Let us all welcome James (Jim) Moulton who will be working as Equipment Operator within the Public Works Department. Jim is a retired Police Detective who served the Town of North Berwick for 30 years. He is a resident of Wells and we are happy to have him. Welcome Jim!
