

WEEKLY UPDATE

Weekly TM Highlights

- Thank you to the DPW crew for installing new sign posts for conservation parcels across town. These signs, made by Steven Brennick, will help people know where to access some of our beautiful trails.
- Thank you to Captain Kevin Chabot for his time and effort spent responding to CDC compliance complaints filed with the State of Maine. These complaints have increased in the last few weeks and Cpt. Chabot and other members of the PD have done a great job educating local businesses about CDC guidelines and State regulations.
- As the COVID-19 case count in York County stays high please make sure to maintain social distance and to wear your face coverings while out and about. Face coverings must be worn inside shared spaces at municipal buildings and are our best way to limit the spread of COVID-19 even while not at work.

Human Resources Update

REMINDER! Flu Vaccination Clinics have been scheduled for Town staff on the following dates and times:

Monday, Sept. 28	8:00-10:00AM	Police & Fire
Monday, Sept. 28	10:30AM-12:00PM	Town Hall
Monday, Sept. 28	1:30-2:30PM	Recreation
Wednesday, Sept. 30	9:00-10:00AM	Library
Wednesday, Sept. 30	11:00AM-12:00PM	Public Works

Special thanks to Jim Lapolla from WEMS for partnering with the Town to keep employees healthy.

Harbor Update

Along with the ongoing mooring chain replacement, we are currently installing new lighting on the Pier and Bait Wharf for safety reasons as the amount of daylight decreases during the winter months. Along with the new lighting we are placing electrical outlets along the outer Pier bulkhead for easy access.

Parks & Recreation Update

We are offering programs at the park including Archery, Little Kickers, Youth Soccer and Field hockey. All have strict guidelines in meeting CDC requirements. All the programs are running smoothly with spectators practicing social distancing as they watch. The parks are open to the public and the community has adjusted well to wearing masks and practicing social distancing to our knowledge.

The Recreation Department and Commission Board are officially cancelling the Haunted Hayride for this year due to COVID-19 but are in the process of planning a smaller event to meet the CDC guidelines. More information will be out by the end of next week.

Upcoming Events

- Planning Board Meeting, Monday, September 28 @ 7PM
- Sanitary District Virtual Meeting, Tuesday, September 29 @ 7PM—to attend email wsd@wellssanitarydistrict.org
