**RE: Site Plan Amendment Application
526 Post Road, Wells, ME
Tax Map 27, Lot 10-EXE**

To Whom It May Concern,

On behalf of The Grace Group, LLC, (Applicant), Walsh Engineering Associates, Inc. (WEA) is pleased to submit the enclosed Preliminary Site Plan Amendment Application for the site plan modifications proposed at 526 Post Road. The previously approved site plan for the property is for the Morrison Center, which contains a school use. The subject property is identified on Wells Tax Map 27, Lot 10-EXE, and is located within the General Business Zoning District. The property is served by public sewer and public water.

Existing Conditions

The property at 526 Post Road consists of 8.15 acres (354,916 square feet) with development at the easterly portion along Post Road. The existing development has an entrance off Route 1 and is developed with a 6,205 square foot building containing a school use currently named the Morrison Center. An existing parking lot contains 49 parking spaces, including 3 handicap accessible spaces. The southwesterly portion of the lot, rear of the existing Morrison Center, is undeveloped.

Proposed Improvements

The enclosed Site Plan application is to amend the previously approved Site Plan with minor modifications to lot coverage, landscaping, and the division of the existing lot. The proposed lot division is to separate the existing commercial use from the undeveloped portion of the lot, which is to be developed as a residential condominium/subdivision. Presently there is no existing tenant or use for the existing structure. The lot split will provide the existing commercial use with a conforming lot within the General Business zoning district with 56,670 square feet of land area and 126 linear feet of frontage along Route 1. The proposed lot will have a lot coverage of 52%, within the allowed maximum of 65%. Modifications to the site will include the removal of pavement from the rear of the parking area, relocation of the dumpster, removal of light posts, and the replacement of the existing stormwater treatment facilities, which is being developed in conjunction with the proposed residential subdivision.

Waiver Request

The future use of the existing building at 526 Post Road remains undetermined. The Applicant respectfully requests a waiver from the Town's Subdivision Ordinance, Chapter 202, Part 12.G.(2), which restricts residential subdivision street connections to existing public streets to an average daily traffic (ADT) limit of 200 trips. This restriction significantly limits the site's potential, as a property with only commercial use would not be subject to any ADT cap.

This property presents a unique circumstance, as the residential subdivision (Arundel Lane Subdivision) and the commercial site at 526 Post Road will share a very short access road. We fully understand the Town's intent behind limiting traffic counts, to ensure safe and reliable emergency vehicle access. However, given the minimal length of the shared access road and the distinct nature of this configuration, we believe the 200 daily trip maximum should not be applied to this unique situation on Route 1.

Related Applications

The enclosed Site Plan Amendment application has been filed and is to be reviewed concurrently with the related Major Subdivision application for the 12-unit residential development of the split lot to the rear of the Morrison Center, to be referred to as the Arundel Lane Subdivision. The proposed private way improvements, including the removal and repaving of the existing parking lot entrance are shown on the proposed Site Plan Amendment for 526 Post Road. Arundel Lane will have an easement for access, utilities and drainage to serve the 526 Post Road site. Additional details and stormwater will be submitted concurrently with the further development of the proposed subdivision plan.

We trust the appropriate information has been provided with this application, and we look forward to working with the committee to make this project a success.

Respectfully,

Werner Gilliam

This Agreement is entered into this 12TH day of JANUARY, 2026, by and between the Town of Wells (the "Town") and (the "Owner") to enforce handicapped parking regulations and laws applicable to the handicapped parking spaces in the parking lot located at 526 Post Road (the "Premises") as follows:

1. Owner hereby authorizes and permits the Wells Police Department and/or any deputized volunteer parking enforcement specialist if the Police Department establishes a volunteer parking enforcement program as authorized by Title 30-A, M.R.S.A. section 472 and 3009(D), to enter upon the Premises for the purpose of ensuring that parking spaces designated for the handicapped are used appropriately by handicapped persons. It shall be Owner's responsibility to clearly mark handicapped parking spaces by signs painted on the pavement and/or vertical standing signs such that the signs are visible under all weather conditions.
2. Owner and Town hereby agree that any vehicle or motorcycle, parked in a space, which does not bear a special registration plate or placard issued under Title 29 M.R.S.A. section 252, 252-A, or 252-C or a similar plate or placard issued by another state, shall be ticketed and cited for a forfeiture of not less than \$50.00, all as more fully set forth in Title 30-A M.R.S.A. section 3009(D) and the Town of Wells municipal Code Chapter 159.
3. The Town and its Police Department shall have the right but not the obligation to respond to any complaints about improper use of designated handicapped spaces on the Premises, whether initiated by Owner, its agents or others, and to monitor use of designated handicapped parking spaces, using personnel and other resources, as determined appropriate by the Wells Police Department. Nothing in this Agreement shall require or obligate the Town or its Police Department to allocate any particular level of personnel or resources to the enforcement of handicapped parking regulations or laws applicable to the Premises.
4. This agreement shall remain in full force and effect for five years, provided that either party may revoke the Agreement with 10 days written notice to the other party.
