### **Brainstorming Session**

Developing a list of possible solutions

*Rules of brainstorming:*

- No criticism, feedback or reaction to any ideas*
- Quantity of ideas vs quality*
- No idea is crazy*
- Build on other ideas*

Looking for solutions to the Problems

### **Generate List of Solutions**

Combine, Refine

Tour of the issue areas thru the Town's GIS

### **Determine an approximate timeline for implementation of “solutions”**

What elements are necessary to support this solution?

What possible barriers or conflicts might this solution encounter?

When would be ideal timeframe for implementation?

Who needs to be involved?
